MEMORANDUM FOR: [REDACTED]
Special Security Center

FROM: [REDACTED]
Office of Legislative Counsel

SUBJECT: Request for Survey
Senate Appropriations Committee
Room 1245 Dirksen Senate Office Building

1. Mr. James Fellenbaum is the principal staff man concerned with intelligence on the Defense Subcommittee of the Senate Appropriations Committee. He holds code-word clearances and receives such material on behalf of the Defense Subcommittee whenever necessary. At present he has storage space available in the Senate Select Committee on Intelligence space in Room G-308 of the Dirksen Building which is, I understand, an approved CW storage area.

2. The purpose of this request is to get authority for Fellenbaum to receive codeword material in his immediate office for overnight storage in G-308. I understand this will require a survey of Fellenbaum's immediate office. I would appreciate your putting this request into appropriate channels.
